

CBRN inflatable tents

Inflatable tents for collective protection of people against NBC threats.

These tents combine the rapid deployment of a TAG NG inflatable tent with a sealed NBC liner. The living area inside the tent is over-pressured with filtered air. The entrance is fitted with an over-pressured air lock. The fabric NBC liner protects the persons inside against all toxic chemicals for a minimum of 24 hours.

Main benefits :

- Ultra fast deployment.
- Easy assembly.
- Lightweight.
- Optimized layout.
- Small footprint.
- Fully sealed enclosure.
- Safety of the accommodated staff.

Features :

- PVC coated outer cover.
- Interior liner : special PVC/PET fabric.
- Inflatable frame of airtight PVC .
- Double doors with access porch.
- Floor welded to the liner.
- Filtration unit and air conditioning.
- Accessory bag : pegs, weights, repair kit and user manual.
- Optional : sun cover.

Fabric colours :

- Sand
- NATO green
- UN white
- Orange

Load resistance :

- Wind : 110 km/h
- Snow : 10 daN/m²
